

TOWN COUNCIL COMMITTEE REPORTS FOR JULY

Councilmember Dave Wheeler:

SACOG

- The Board voted to support State Senate Bill 16 to increase funding for road maintenance. Added insurances that the funds can only be used for road maintenance and cannot be diverted for other needs.
- A presentation was made on using Infrastructure Financing Districts to raise revenues for improvements to roads, bridges, flood control, libraries and etc. These districts must be voter approved.
- There was a roundtable discussion with U.S. Transportation Secretary Foxx, Congressmen Bera and Garamendi, and Congresswoman Doris Matsui. We believe that Secretary Foxx heard clearly that we are a model MPO for performance-based planning, collaboration, and innovative thinking.
- No meetings scheduled in July

2X2 SPMUD Committee

- We are still working with the property owners of the former Turtle Island property (Horseshoe Bar Road just South of I-80) on the location of the route of the sewer line through the property.
- The draft environment study is near completion.
